Thanks, Malenna. It's helpful to know that you have posted the DMRs online. Please also make sure that EPA receives a hard copy DMR each month. LNFH likely has this information, but just in case, DMRs are addressed to:

US EPA Region 10
Office of Compliance and Enforcement
Attn: ICIS Data Entry Team
1200 6th Avenue, OCE – 101
Seattle, WA 98101 -3140

We're working with Permittees across the NW Region on getting set up to submit DMRs electronically. There are a few steps involved in that process; however, I can keep you posted on progress if the LNFH would be interested in getting set up while we're working on your next permit.

That reminds me that I have some questions about the information provided on the DMRs. I forgot to ask when we talked this morning! Let me know when might be a good time to chat again – or if someone else at the Hatchery should be my point of contact on the spreadsheet data that's attached to the DMR report.
